

MYTILINEOS

Announcement

Fotini Ioannou is the new Chief of Staff of MYTILINEOS

Athens, Greece – 12 June 2023 – [MYTILINEOS Energy & Metals](#) (RIC: MYTr.AT, Bloomberg: MYTIL.GA, ADR: MYTHY US) (**MYTILINEOS**) announces that Fotini Ioannou assumes the role of Chief of Staff of MYTILINEOS, as of June 12, 2023.

Ms. Ioannou brings over 17 years of extensive experience in the banking industry having held key positions and served as a member of the Executive Committee of prominent Greek banks. At the National Bank of Greece (NBG), she held, among others, the position of General Manager for the Legacy Portfolio & Specialized Asset Solutions, while at Piraeus Bank the position of General Manager for Corporate and Investment Banking. She has also assumed executive roles, in various Boards of Directors, including the positions of Chairwoman of the Board at Piraeus Factoring, Vice-Chairwoman of the Board at Piraeus Bank and as a member of the Audit Committee and the Board of Directors of NBG Cyprus, while she has also held the position of Chairwoman of the Non-Performing Loans (NPL) Committee of the Hellenic Banking Association.

Fotini Ioannou holds a BA in Economics from the University of Cambridge and an MSc in Operational Research & Management Science from Warwick Business School. She also holds the title of Chartered Accountant and is a member of the Institute of Chartered Accountants of England and Wales. Prior to her distinguished banking career, she worked at leading consulting services firms, in Greece, the United Kingdom and the United States, such as McKinsey & Company and Arthur Andersen.

MYTILINEOS:

MYTILINEOS Energy & Metals, founded in Greece in 1990, is an industrial and energy multinational company, listed on the Athens Stock Exchange, with a consolidated turnover of €6.3 billion and EBITDA of €823 million and employs more than 5,442 direct and indirect employees in Greece and abroad. Through the Energy Sector, the company is strategically positioned at the forefront of the energy transition as an integrated "green" utility, while through the Metallurgy Sector the Company is establishing as a benchmark for competitive "green" metallurgy in the European landscape. Focused on sustainability, it has set a target to reduce CO2 emissions by at least 30% by 2030 and achieve by 2050 net zero carbon footprint in all its operations in accordance with ESG criteria for Environment, Society and Governance.
