ALUMINIUM AND DELFOI-DISTOMON AMONG INDUSTRY'S "DIAMONDS" "Diamonds - The Most Admired Enterprises 2011" distinction

ALUMINIUM S.A. and DELFOI-DISTOMON S.A., MYTILINEOS Group subsidiaries, gained the distinction **"Diamonds - The Most Admired Enterprises 2011"**, by the Information Bank for Economy and Business, STAT BANK.

ALUMINIUM and DELFOI-DISTOMON were both included in the Greek industrial companies that showcase robust development during the current recession, as presented in the annual Business Guide, «Diamonds 2011», published by STAT BANK. The selection was out of a total of 3,500 largest Greek companies based on their turnover and 10 financial indexes, suitable for verifying credibility and healthy growth. The crash-test resulted to a short-list of 110 industrial and 108 commercial companies based on their ranking.

The Business Guide and the distinctions nominated to the companies were announced in an event organized by STAT BANK on June 27th.
