

PRESS RELEASE

Protergia Picasso offers confidence for all this July as well!

Athens, Greece – June 30, 2025 – [Protergia](#), an integral part of [METLEN](#), remains committed to supporting consumers with stability and confidence by offering innovative products such as [Protergia Picasso](#) – a “shield” against the uncertainty caused by market fluctuations – while maintaining competitive prices across all its existing offers.

More specifically:

- [Protergia Picasso](#), the next-generation energy product, allows customers to choose the amount they wish to pay each month for their electricity. The program runs for an entire year and covers all energy-related charges (both competitive and regulated). Click [here](#) to see how it works!
- [Value Secure 12M](#) - the blue bill is available for yet another month at the highly competitive rate of **€0.099/kWh** with an on-time payment discount, offering safety and stability for 12 months.
- [Value Swift on time deal](#) –the variable “yellow” household bill, offering a rate of **€0.09093/kWh** for more than a year, with consistent on-time payments.
- [Value Power & Gas 12M](#) –the combined offer with a rate of **€0.0369/kWh** for natural gas and **€0.099/kWh** for electricity. Also available: the green household bill **Value Special** at **€0.169/kWh**.

And don't forget the [Powergiving](#)!

Every month throughout 2025, **one grand winner receives €50,000, 10 lucky winners get €5,000 each, and 100 Protergia customers enjoy free energy for a whole year!**

So far, **666 customers** have already been rewarded for their trust in the first six draws. The next draw—bringing **111 new winners**—is scheduled for **July 7!**

Always with Protergia's Confidence and Safety.
