

## Press Release

09/03/2016

### "YOUNG GENERATION IN ACTION"

#### A MYTILINEOS Group programme to support young people

In a period in which unemployment is the major challenge for young people in Greece, **MYTILINEOS Group, highly aware of its role as a socially responsible corporate citizen, is announcing a major initiative designed to support the young generation.**

This is the **12-month salaried employment programme "YOUNG GENERATION IN ACTION"**, which aims to provide employment opportunities for young, suitably qualified people who are looking to make the first steps in a dynamic business environment and to build their prospects for the future.

With the "YOUNG GENERATION IN ACTION" initiative, which comes as the next step of its programme "Engineers in Action", MYTILINEOS Group **demonstrates once more, in practice, its determination to offer a way forward to young people who at the moment are outside the labour market** and to open up career prospects for them, also providing them with an incentive to stay in the country.

The programme is **addressed to young people aged up to 28** and aspires to create a dynamic team of young employees, who will experience the diversity of the various business activities and organisational structures of the Group's companies, under real employment conditions. Participants will have the opportunity to **work for 12 months as salaried employees** in various departments of the Group's companies, also **receiving systematic training, which will help them further develop their know-how and skills.**

During this time, they will also have the opportunity to **integrate themselves in the Group's corporate culture** – which encourages innovation and initiative across all levels and promotes business excellence and social responsibility – and to **compete for one permanent position in the Group's companies.**

The "YOUNG GENERATION IN ACTION" programme offers opportunities for work in various departments of the MYTILINEOS Group companies, such as: Finance, Treasury, Commercial, Communication & Marketing, Human Resources, Procurement and IT.

Candidates must have the following qualifications:

- University-level degree.
- Postgraduate studies diploma.
- Little (up to 1 year) or no previous working experience.
- Excellent command of Greek and English.
- Excellent knowledge of the MS Office suite.
- Vision and dedication to pursue their personal development.
- In addition, male candidates must have fulfilled their obligations regarding compulsory military service.

For **details about the programme and the procedure for the submission of CVs**, interested graduates can visit **the section dedicated to the programme** on the Group's website, at: [www.mytilineos.gr](http://www.mytilineos.gr)
